

Employee Referral Policy

Human Resource Department

AMNEX INFOTECHNOLOGIES PVT. LTD.

employees to identify strong candidates for open positions. Employees whose referrals are successfully hired are eligible for a referral bonus, in recognition of their contribution to the Company's talent acquisition.

Scope:

This policy applies to all active permanent employees except employees in Band 1 & 2 and HR Department. It is not applicable for contractual/third party hiring.

Referral Process:

- Open positions eligible for referral are notified by the TA team, through Company channels (email, HRMS, or internal announcements).
- Referrals are accepted for full-time positions only. Positions such as internships, academic student roles, contract engagements, or consultancy roles are not covered by this Programme.
- The referring employee and any employees reporting to them, must not be a participant in the interview panel or review panel for the referred candidate.
- Employees submit a referral by forwarding the candidate's resume to ta@amnex.com, including their own name and employee code as the referring employee.
- The referred candidate must not be an ex-employee of the Company.
- Candidates referred through client relationships or by client contacts are not covered by this Programme.
- Where the same candidate is referred by more than one employee, the referral received first is treated as the eligible referral.
- The TA team reviews the referral, communicates the outcome to the referring employee through the Email, and follows the operational timelines.

Referral Bonus:

The bonus amount depends on the band or level of the position filled, as set out below:

Band/Level for which the candidate is selected	Referral Bonus pay-out (Rs)
Entry Level	0
Band 5	15,000/-
Band 4	25,000/-
Band 3	50,000/-
Band 2	1,00,000/-

Referral Bonus Pay Guidelines:

- Where a referred candidate is hired and successfully completes their probation, the referring employee is eligible for a referral bonus.
- An employee remains eligible for the referral bonus even where the referred candidate is hired for a different position from the one for which they were originally referred.
- Referred resumes are treated as eligible for the referral bonus for a period of 6 months from the date of receipt. After 6 months, the resume becomes part of the Company's general candidate database, and the referring employee is not eligible for a referral bonus in respect of that candidate.
- Referral bonuses are subject to applicable taxes, and are paid in the payroll cycle

following the referred employee's confirmation.

- Referral bonuses are paid on the following basis:
 - To be eligible for a referral bonus, the referring employee must be an active employee of the Company on the payout date. Employees serving their notice period, or who have separated from the Company, on the payout date are not eligible. In case the employee withdraws their resignation, the referral bonus payout will be done in the nearest payroll cycle subject to meeting the eligibility criteria as per policy.
 - The referred employee must be an active employee of the Company at the time of pay-out. If the referred employee is serving notice or has exited before the pay-out date, bonus is not eligible.

Governance and Deviations:

- Any dispute regarding a referral bonus is raised with the HR Head. Where the employee is not satisfied with the outcome, they may escalate through the Company's Grievance Policy (11.29).
- Any deviation from the provisions of this Policy in a specific case requires prior approval from the HR Head.
- Any breach of this Policy by an employee including submission of fraudulent referrals, misrepresentation of the candidate's credentials, or attempts to circumvent the eligibility rules shall be addressed in accordance with the Company's Disciplinary Policy.
