

Probation & Confirmation Policy

Human Resource Department

AMNEX INFOTECHNOLOGIES PVT. LTD.

This Policy outlines the probation, extension, and confirmation process for employees of the Company. It provides a clear and consistent framework for evaluating new employees and supporting their growth.

Probation Period:

The probation period is a mutual assessment phase. It allows the Company to evaluate an employee's performance, adaptability, and overall suitability for the role, while giving the employee time to understand the role, the team, and the Company's working environment, and to determine their own fit.

Eligibility and Duration:

- Employees in band levels 2, 3, 4, and 5 serve a probation period of three months from the date of joining.
- Employees in band 1 are confirmed directly upon joining and are not subject to probation.
- For certain roles, based on business requirements, the probation period may be six months, subject to the prior approval of the BU/Department Head and HR Head. Any such deviation from the standard probation period shall be clearly communicated to the employee in the offer letter and/or appointment letter.

Probation Extension:

- The probation period may be extended where an employee's performance, behaviour, or conduct is found to be unsatisfactory. Any extension must be approved by the Reporting Manager and the HRBP, and communicated to the employee in writing.
- The extension will be an additional three months, ensuring the total probation period does not exceed six months.
- During the extension, the employee will be given specific objectives and a performance improvement plan to meet the required standards for confirmation.

Confirmation:

Review:

- On completion of the probation period, the employee's manager will conduct a formal performance review in the HRMS, assessing the employee's ability to meet or exceed the set performance standards and objectives, along with their learning capabilities and potential for growth.

Outcome:

- **Successful Completion:** Employees whose performance is satisfactory will be confirmed in their role in writing, by way of a confirmation letter.
- **Unsuccessful Completion:** Where performance during probation is unsatisfactory, the employee will receive written notification setting out the reasons. The Company may either extend the probation period (in accordance with 5.2), with clear performance improvement measures, or discontinue the employee's services with advance notice as per the appointment terms. Where performance does not improve during or after an extension, the services may be discontinued with advance notice
